## Bebe Bella Designs

Melissa Sachse was wowing friends with gifts of oversized receiving blankets long before 2006 when she turned her talent for matching fabric and fashion into Bebe Bella Designs. Even the name of the Minnesota-based enterprise denotes luxury with use of the French word for *baby* and the Italian word for *beautiful*. Bebe Bella specializes in blankets, booties, bibs, hats and mittens. The booties adjust to fit chubby feet, and the beanie hats and thumbless mittens offer plush warmth. Embroidery graces some

pieces. You can buy the products online or from retailers throughout the country. Ultra soft fabrics and thoughtful designs set Melissa's products apart. Babies aren't the only ones who find comfort in Minky Chenille. Moms admire the wearability and feel of the fabrics so much that Bebe Bella carries hats, mittens and scarves for them along with throws just right for a Sunday afternoon nap. Melissa donates items to various organizations around Minnesota. For baby apparel as soft as it is practical, look for the Bebe Bella Designs label.

## The Architecture Studio, LLC

Tomas Hart, A.I.A, owner of The Architecture Studio, LLC, has been fulfilling dreams in the Denver area since 1990. He's quick to remind his customers not to be intimidated by remodel professionals. "The architect doesn't live in your house; you live in your house. So let's make sure you get what you want," he says. Tom and his staff understand that communicating with your architect about a new custom home or a major remodeling can be a stressful experience. They strive to create a rewarding collaboration that surpasses your expectations. They discuss options and create drawings that help clients visualize their new space. They will recommend builders or work with the builder you've chosen. The Architecture Studio, LLC subscribes to no specific style, being more interested in design quality than a particular style. It designs additions that don't look like additions and new homes that look like they have always been on the block. The Architecture Studio, LLC can reshape a chopped up floor plan, create storage, bring in light and add artful touches. Its work has won numerous local and national awards and has been published in magazines such as *Better Homes and Gardens* and *Colorado Homes & Lifestyles*. Visit The Architecture Studio, LLC when you are ready to make a change to your home.
